

Mixed Use Development in Whittlesey

Land at Whittlesey - outline planning permission was secured on a greenfield site for residential development of upto 460 dwellings together with 70 bed nursing home; extra care accommodation and local centre. Although the site was not within a preferred direction for growth in the initial consultation draft Core Strategy it had been allocated in the 1993 Local Plan and formed part of a policy saved by the Secretary of State in 2007. As such the site was included as an allocation within the calculation of the 5 year housing land supply in the district.
